equal number in the district schools al states. cere award the same question.

ed to be lawyers, but only 21 beys a whole, but that is not an insurin the consolidated schools admitted mountable obstacle. Good roads are aspirations for the bar; 48 boys in coming, and following them, sooner the district schools wanted to be me or later, will come the consolidated chanies and as in the consultdated schools, better education, and fewer schools. Then came the real "bark of the strengest boys and girls goto the farm" movement. Only three ing to the city instead of building boys in the district school bunch up the farming communities.-W D, and complained that he had not re wanted to be stock breeders; and on Ross, in Missouri Valley Farmer. ly 32 said they wanted to become farmers. But in the consolidated school contingent 4) were for stock iting in Lubbock this week, breeding and 129 said they were planning to become farmers.

in other words. 180 boys in the ensolidated schools wanted to remain on the farm out of the 500; in the district schools only 95 would have anything more to do with farm life.

I account for the fact that so large a per cent of the boys in the consoli dated schools wanted to remain on the barn is because the old district eshool gave them the idea that farm ing is a dreary, lonely, burdensombecapation. The committated sol-less liked it up with the convenie and spirit of modern life and m it a live and interesting opening
